

TUBE HEATERS

- 
Low Cost
- 
Water Resistant
- 
Multiple Sizes
- 
Fully Certified

Intelligent heating with minimal energy usage

The ECOHEATER Tube Heater is one of the most energy efficient ways of providing low cost, ambient heating and frost protection, whatever the conditions.

The Eco heater is designed to provide gentle, constant heat which is ideal for preventing dampness, condensation and freezing in a wide range of environments including built-in wardrobes, conservatories, sheds, garages, caravans and mobile homes, boats, shop windows and portable buildings.

- ✓ **Low cost operation**
Using around 25% less electricity than other tube heaters
- ✓ **IP55 rating for water resistance**
For use in environments where water may come into contact with the heater
- ✓ **Available in 6 sizes**
From 1ft to 6ft
- ✓ **Easy set-up**
Ready-wired to run on standard 240V mains power supplied with 1m cable and wall brackets
- ✓ **High quality**
Manufactured in high quality seamless tube, with easy-clean, white enamel finish
- ✓ **Fully certified**
CE approved and BS EN 60335/1:2002 compliant
